Professional MHA: \$47,000

MHA/MPH: \$53,300

MHA/MPA: \$52,700

**MHA**

Master of Healthcare Administration

## Scholarship Overview

A separate application is not required for scholarships, and all admitted students are considered for merit-based awards. Criteria for selection of awards include demonstrated excellence in academic or professional pursuits. Notification of awards is included with admission decisions.

On average, 80% of enrolled students receive scholarship awards ranging from \$5,000 to \$25,000. The amount of a scholarship award depends on the competitiveness of the admitted applicant pool.

Applicants who do not qualify for resident tuition may be eligible to receive non-resident tuition assistance. All out-of-state applicants are automatically considered for this waiver. Applicants with a Utah address who may not qualify for residency should email [MHAinfo@Eccles.Utah.edu](mailto:MHAinfo@Eccles.Utah.edu) to request consideration.

The Master of Healthcare Administration (MHA) program provides students with the leadership skills and technical tools needed to improve the human condition and prepare for increasingly responsible leadership roles across a broad spectrum of healthcare-delivery organizations. The small size of the MHA program ensures one-on-one attention from professors, as well as opportunities to work with some of the nation's top-ranked hospitals and healthcare facilities. Graduates develop relationships that allow them to explore remarkable opportunities in healthcare administration and much more.

**Credit Hours**

**Full-Time Format**

**Fall Enrollment Option**

### Top Alumni Network

Connecting with the MHA alumni community is one of the strongest networking opportunities available to students. Our alumni are employed across the U.S. and remain highly involved with our program. They engage with students in both formal and informal ways, including helping students network with their organizations and participating in mentoring opportunities.

### Dual Degree Programs

- ▶ MHA/Full-Time MBA
- ▶ MHA/Professional MBA
- ▶ MHA/Master of Public Health
- ▶ MHA/Master of Public Administration\*

*\*The MHA/MPA is not CAHME accredited.*

### Career Development

The MHA career development manager works to provide career-focused training and resources that complement classroom studies and facilitate mutually beneficial connections between students, alumni and corporate recruiters. Leveraging their internship experience and network of local executives and MHA faculty, MHA students secure top-level jobs and administrative fellowships.

The MHA program of study includes a hands-on cohort series and access to a top network of alumni and executives. Students exit the program prepared for leadership roles in a variety of fields, including healthcare delivery, public health, healthcare policy and health services research.

- CAHME accredited
- Member of the Association of University Programs in Health Administration
- Healthcare executives serve as program faculty and work closely with students.
- Students take a mix of day and evening classes.

### Experiential Programs for MHA Students

The MHA program offers a number of applied-learning opportunities to help students expand their network, increase their skills and connect with executive-level mentors:

- MHA Student Association
- Health Administration Case Competitions
- U Mentor Healthcare Leadership Program
- ACHE Annual Congress on Healthcare Leadership

# PROFESSIONAL MHA

48

**Total Credit Hours**

**Fall Semester Start**

With full-time and part-time enrollment options

**Evening & Online Classes**

The Professional MHA (PMHA) program prepares mid-careerists for administrative positions in both the public and private sectors of the healthcare industry. Students enter the program with prior healthcare experience and can keep their full-time jobs while attending school. PMHA graduates will have the academic credentials to move into leadership positions in a variety of settings, including healthcare delivery, public health, healthcare policy and health services research.

## Work Experience

Students applying to the PMHA program must have a minimum of three years of full-time work experience in healthcare prior to the start of their degree. Students who are currently employed in healthcare have the opportunity to maintain full-time employment while pursuing the PMHA program.

## Degree Schedule

Entering full-time students take courses in a lock-step schedule with 9-12 credit hours during fall and spring semesters and three credit hours during summer semesters. Classes are scheduled in the evenings or are available online.

## Instructors

PMHA students learn from experts in the field. Most courses are taught by current or recently retired healthcare executives. Lessons learned will be immediately applicable to your work situation.

## Career Outcomes

The combination of the practical knowledge you will gain from the program and your work experience will give you the skills and knowledge required to move into leadership positions.
